News for Churches About Your 2018 World Mission Offering Mailing

CATHERINE NOLD

**Churches will automatically receive a World Mission Offering box
containing the usual supply of materials in August.**

We are listening to you!

Last year, we reduced the quantities of World Mission Offering (WMO) resources that were mailed to each church, and we asked churches to order any additional materials that were

needed. Some churches appreciated our desire to be better stewards of our natural resources.

But many other churches told IM that this approach, while well intentioned, did not work very well for them. IM appreciated the feedback and is happy to make adjustments that make it easier!

For the WMO mailing this summer, churches will receive a boxed supply of resources based on the quantities that they received or requested for the 2016 WMO. The box will arrive in August, 2018, and will include the materials churches need to launch their WMO campaigns in September.

In addition, each church will receive a sample packet of WMO materials that will contain one of each resource to use in worship and educational experiences, including:

- Full-color poster and map of IM global servants
- Pew envelope
- Bulletin inserts
- "60 Days of Prayer" brochure
- Order form and instructions
- "4 Steps to a Successful WMO" flyer

Of course, churches will still be able to order additional materials if you need them.

Please also note that IM's phone number and mailing address have changed.

In early 2018, IM moved to new office space, just a few blocks from our previous address. Please send all checks and correspondence to this address:

**International Ministries
1003 W 9th Ave, Ste A
King of Prussia, PA 19046-1210**

Main phone: 610-768-2168
