India - ETC Nursery School

SUPPORT RAISED

INDIA

GOAL

This project seeks to raise \$6,320 to renovate and upgrade the ETC Nursery School in Jorhat, India.

SUMMARY

The ETC Nursery School, which currently serves 70 children of various ethnicities and social classes, is outgrowing its aging facilities. This project will fund repairs, expansions and improvements so that the school can continue to provide Christian education to local children.

DESCRIPTION

The Eastern Theological College (ETC) established a nursery school on its campus in 1986. Today, the ETC Nursery is the most sought-after preparatory school in and around Jorhat, India. It uses a Christ-centered, holistic approach to education.

However, the facilities are at capacity and the school urgently needs renovation work and repairs. ETC Nursery School needs paint, furniture, a new septic tank, shade trees and soil for the playground, bathroom facilities including new toilets and tiles, a new storeroom for supplies, a boundary wall, fencing and a new gate.

The project will be managed by the Rev. Dr. Akheto Semi, principal of the ETC Nursery School.
